## ***New Subcommittee and Ambulatory Care Affinity Group***

KSHP has started two new initiatives this year including the new practitioner subcommittee and ambulatory care affinity group. The new practitioner subcommittee is designed to serve as a dedicated network where recent graduates and early-career pharmacists, defined as those within their first 5 years of practice, can share experiences, exchange ideas, and receive guidance from peers.

The ambulatory care pharmacy affinity group is a meeting specifically designed for ambulatory care pharmacists, residents, and pharmacy technicians practicing or interested in ambulatory care. This group will be chaired by Suzi Francis with its first official meeting held on October 10, 2024. Requests to join both of these groups are found on the KSHP website under the committees tab (utilize the volunteer form for new practitioner subcommittee and ambulatory care affinity group link for those interested in joining this group).
