ACTION NEEDED: Contact Members of Congress to Help Protect Pharmacy Residency Program Funding

**ADVOCACY
ALERT!**
Take Action Now!

Congress has introduced bipartisan legislation, Rebuild America's Health Care Schools Act of 2024 (S.5397/H.R. 10225), to protect critical federal funding for pharmacy and

nursing residency programs. This legislation would clarify the requirements that hospitals and health systems must meet to receive Medicare reimbursement for operating healthcare residency programs. ASHP continues to advocate to protect this funding, but please email your members of Congress today to emphasize the importance of protecting this funding and to support this legislation.

If you are a member of ASHP, you should've received an email "action alert" that will connect you to your legislators to easily email your members of Congress. Click [HERE](#) for the Take Action Page.

- Sign-in with your email and zip code to populate a form letter directed at your Representatives and Senators.

Consider End-of-Year Charitable Donation to the Martha Lou King Foundation

The Martha Lou King Foundation serves to provide financial support for education, research and project endeavors for the KSHP membership and routinely provides scholarships for pharmacy students across the state of Kentucky.

Consider making a year-end tax-deductible donation to the foundation to support the continued success of the scholarship program. Click [HERE](#) to donate.
