KSHP FOUNDATION
c/o Chris Holtman, PharmD, Foundation President
KSHP Administration Office
P.O. Box 4961 Louisville, KY 40

August 20, 2026

Dear Pharmacy Student:

The KSHP Foundation was formed by the Kentucky Society of Health-System Pharmacists in 1998 with a two-fold mission:

- To support education, research or projects for its membership, including student members
- To allow individuals to support the Society through tax-deductible contributions to the Foundation

Student Scholarships are one of several activities developed to provide unique resources for our membership, and are an example of how KSHP may benefit you as a pharmacy student. It is the Foundation's goal to provide as much financial support to the pharmacists of the future as possible.

Included with this letter is the application for our annual scholarship cycle. Applications should be submitted electronically to my personal email address chris.holtman29@gmail.com with "KSHP Foundation Scholarship" in the subject line. **Application window opens Monday, August 24, 2026 and closes September 4, 2026 at 6 PM (EDT).** Award winners are announced and recognized during the KSHP Fall Meeting, held at the Hyatt Regency Downtown, Lexington, Kentucky October 8-9, 2026. Please visit the KSHP website www.kshp.org for meeting information, agenda and schedule of events.

Criteria for the scholarships include demonstrated interest in health-system pharmacy, membership and involvement in organizations (particularly your SSHP chapter), academic standing, financial need and quality of the application essay. The dollar amount and number of scholarships awarded will be determined by the number and quality of the applicants. Scholarships usually range from $250 to $500 each and all applications are given serious consideration. After thorough review by the Foundation Board, each applicant will be notified of results by September 30, 2026.

Professionally,

Chris Holtman, PharmD, FKSHP
President/Chair of KSHP Foundation
