KSHP Early Renewal Discount – ENDS OCTOBER 31st

The 2027 KSHP Membership Drive is officially underway! As a thank-you for your continued support of KSHP, **all active pharmacist members who renew by October 31, 2026, will receive $20 DISCOUNT off their**

annual membership dues. Members who renew by the end of October will remain active through **December 31, 2027**.

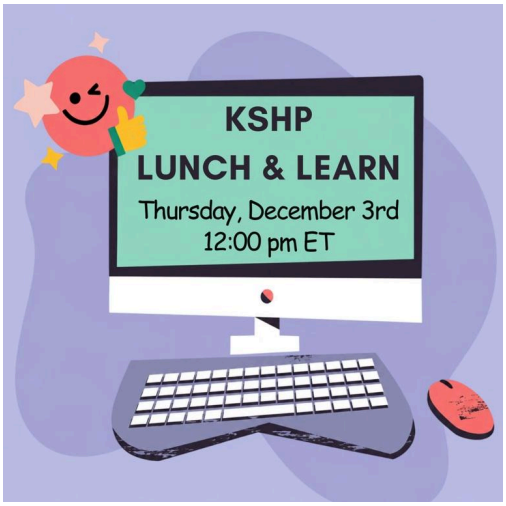

Why not pay those savings forward by sponsoring a pharmacy technician? If you know a great technician and would like to support their involvement in KSHP, consider using your $20 savings toward their membership. Simply work directly with your technician to coordinate the sponsorship.

Committee Spotlight – Subcommittee on New Practitioners

KSHP currently has eight committees and one subcommittee that work together to support KSHP's operations and initiatives and continued success. This month we are highlighting our subcommittee that is designed specifically for recent graduates and pharmacists within their first five years of practice, the KSHP New Practitioner Subcommittee provides a welcoming network for early-career pharmacists to connect, learn, and grow together. Members can share experiences,

exchange ideas, and receive guidance from peers while participating in networking opportunities and educational activities tailored to the unique needs of new practitioners. Whether you're looking to build professional connections, develop your career, or find support as you navigate the challenges and successes of your first few years in pharmacy practice, the New Practitioner Subcommittee is a great way to get involved and build your community within KSHP. If you are interested in joining the committee, please complete the KSHP volunteer form HERE.
